The service costs are divided into the price of labour and the price of parts. The reason is that the parts may vary in price between different models (for example standard or heavy duty seals)

All drysuit services require a leak test and this is added in the prices

Example: change drysuit zipper, plastic

Zipper change	1 292 kr
Plastic zipper	1 365 kr
Leak test	368 kr
Total	**3 025 kr**

All prices excluding VAT.
